
Macromolecule Virtual Lab Answer Key

macromolecule webquest - lhsblogs.typepad - macromolecule virtual lab experiment- go to the following website and follow the directions while answering the questions ... questions on lab: (you may need to refer back to the information tabs for each macromolecule to answer the following questions) 1. what does iodine test for? **macromolecule virtual lab - paulding.k12** - 1. what is the purpose of this lab? 2. how are the reagents useful in determining which macromolecules are present? 3. what is one big thing you learned from performing this lab? *save this lab and staple it to the mag-mush lab **lab 4 macromolecules - los angeles mission college** - lab 4 - macromolecules overview in addition to water and minerals, living things contain a variety of organic molecules. most of the organic molecules in living organisms are of 4 basic types: carbohydrate, protein, lipid and nucleic acid. many of these molecules are long polymers, and thus collectively referred to as macromolecules this **macromolecule virtual lab answer key - paraglide** - macromolecule virtual lab answer key is available in our book collection an online access to it is set as public so you can get it instantly. our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. **testing macromolecules lab - hudson city school district** - testing macromolecule lab p. 2 4. use a mortar and pestle to crush a piece of onion (cut off with a razor blade or knife) several drops of distilled water while crushing. put several drops of the onion juice in test tube #5 and then fill it to the 1 cm mark with distilled water. (save the onion juice for other tests.)5. be sure to clean the mortar and pestle (with tap water and soap and a ... **macromolecules virtual lab go to the website** - pre-lab questions- answers the questions on lined paper an staple to the lab 1. what are biomolecules? 2. list the four biomolecules and provide examples of foods that contain them. 3. what is a chemical indicator? 4. for this lab, which are the chemical indicators you will be using and what is their function? 5. **identifying macromolecules lab - mr. meier's science** - identifying macromolecules example data sheet key information from introduction? pre-lab questions answer the following questions using complete sentences prior to starting the lab procedure. 1. what is the purpose of using distilled water as one of your test substances? 2. what is the purpose of washing the test tubes thoroughly between uses? 3. **virtual macromolecule lab activity carbohydrates lab** - lipids lab: list the steps and reagent used to test for lipids: what does a positive test reaction look like? foods: perform the carbohydrate, protein and lipids tests on the foods shown and record the positive test results below: potatoes are a ____ orange juice is a ____ almonds ____ **organic compounds - virtual science university** - chapter 5 organic compounds identifying monosacchrides, starch, proteins, and lipids lab # 5 organic compounds note to teacher: answers appear in italics along with suggestions and specific teaching information. a biuret reagent is chemical test used to detect peptide bonds in a substance. for this reason, it is a good **lab: macromolecule testing introduction organic molecules ...** - lab: macromolecule testing introduction: one characteristic of life is that living things are made up of molecules containing carbon. these are called organic molecules. in our class we have been referring to them as macromolecules since they are necessary for life. the **virtual macromolecule lab activity - google sites** - virtual macromolecule lab activity using the following website ... lipids lab: list the steps and reagent used to test for lipids: what does a positive test reaction look like? foods: ... answer the analysis questions on the original lab & write a conclusion. author: **virtual make-up lab go to the website: organic molecules** - virtual make-up lab go to the website: organic molecules ... answer these questions briefly but completely! work on your own! do not discuss these questions! 1. what are the macromolecules from which we get energy? 2. ... mcmush lab virtual labccx author: tiger created date: **2a - macromolecule web quest - crestwood middle school** - activity macromolecule web quest purpose. now that we know the purpose of macromolecules, we need to answer the question of where they come from. plants are able to make macromolecules on their own. however, ... this web quest is in place of a lab in which we would explore our food and what macromolecules it contains. **building macromolecules activity - loudoun county public ...** - 7.) add a title & your name and class period to your paper. 8.) please clean up after yourself. make sure no scraps are on the floor around your desk. if so, pick them up! thanks! post lab questions: use your lab & macromolecule notes to answer the following questions. 1. **biological macromolecules worksheet - quia** - biological macromolecules worksheet exercise 1. a. draw either the molecular or structural formula for each of the following organic molecules. 1) glucose 2) triglyceride 3) phospholipid 4) amino acid b. for each of the following polymers, draw or otherwise define the monomer units that make up the polymer to the rest of the community.
